

What is MiP?

MiP is a trade union specifically for healthcare and social care managers, providing essential cover when you need it. We give you personal support and employment advice, an influential voice and access to leadership networks and management skills.

Why should you join?

Our experienced team of employment professionals and reps are here to give one to one confidential advice, negotiation and representation and fast access to legal resources, helping you achieve the best outcome on employment matters.

Representation and legal advice

As a member of MiP, you can always get expert advice and support from our team of national officers and local reps. Whether you need a quick chat or full-scale representation, we're here to give you the support you need to get the best outcome.*

Events and training

MiP members may also attend our Summit, our annual conference which is free to members, and which offers networking opportunities, seminars and training and the opportunity to impact the future direction of your union.

Collective negotiation

As the only union specifically for management grades, MiP represents managers across the UK's four health services and in social care, negotiating on your behalf with local employers and national bodies, including the Department of Health and Social Care and the health departments in Scotland, Wales and Northern Ireland.

An influential voice

There is strength in numbers. MiP speaks up on behalf of managers. We know you are an important part of the healthcare team and we believe everyone else should too.
